

# apprenticeship FRAMEWORK

## Housing - non statutory (Wales)

### IMPORTANT NOTIFICATION FOR ALL APPRENTICESHIP STARTS FROM 14 OCTOBER 2016

Modifications to SASW came into effect on 14 October 2016. These changes relate to the **Essential Skills and Employer Rights and Responsibilities** requirements of a framework and they **ONLY** apply to new Apprenticeship starts on, or after, 14th October. Apprenticeship starts before this date must continue to meet the 2013 SASW requirements for Essential Skills and Employer Rights and Responsibilities.

For more details of the changes and how they will affect new apprenticeship starts, please read the following preface page to the framework document. NB: Please check the "Revising a Framework" section for information on any additional changes that may have been made to this framework.

# CHANGES TO REQUIREMENTS FOR APPRENTICESHIP STARTS FROM 14TH OCTOBER 2016

These changes relate to the Essential Skills and Employer Rights and Responsibilities requirements of a framework and they ONLY apply to new Apprenticeship starts on, or after, 14th October 2016. Apprenticeship starts before this date must continue to meet the 2013 SASW requirements for Essential Skills and Employer Rights and Responsibilities.

## Alternatives for Essential Skill qualifications

**Foundation apprenticeships (Level 2):** Where Essential Skills qualifications are specified in a foundation apprenticeship framework (Level 2), the apprenticeship framework must specify as a Welsh certificate requirement, the acceptance of one of the following recognised proxy qualifications.

For Communication:

- a. GCSE or iGCSE qualification in English language or literature to at least grade G (Level 1 equivalent); or
- b. O Level qualification in English language or literature to at least grade E; or
- c. A/AS Level qualification in English language or literature to at least grade E; or
- d. SCQF Level 4 – Communication Core Skills (Oral communication and written communication); or
- e. SQA National 4 English; or
- f. Functional Skills or Key Skills literacy qualifications in English provided the proxy qualification(s) attained are at Level 1 or above.

For Application of Number:

- a. GCSE or iGCSE qualification in Mathematics to at least grade G (Level 1 equivalent); or
- b. O Level qualification in Mathematics to at least grade E; or
- c. A/AS Level qualification in Mathematics to at least grade E; or
- d. SCQF Level 4 – Numeracy Core Skill (Graphical Information and using number); or
- e. SQA National 4 Mathematics ; or
- f. Functional Skills or Key Skills numeracy qualifications in Mathematics provided the proxy qualification(s) attained are at Level 1 or above.

**Apprenticeships (Level 3):** Where Essential Skills qualifications are specified in an apprenticeship framework (Level 3), the apprenticeship framework must specify as a Welsh certificate requirement, the acceptance of one of the following recognised proxy qualifications.

For Communication:

- a. GCSE or iGCSE qualification in English language or literature to at least grade C (Level 2 equivalent); or
- b. O Level Qualification in English language or literature to at least grade C; or
- c. A/AS Level qualification in English or literature to at least grade E; or
- d. SCQF Level 5 – Communication Core Skills (Oral communication and written communication); or
- e. SQA National 5 English; or
- f. Functional Skills or Key Skills literacy qualifications in English provided the proxy qualification(s) attained is at Level 2 or above.

For Application of Number:

- a. GCSE or iGCSE qualification in Mathematics to at least grade C (Level 2 equivalent); or
- b. O Level Qualification in Mathematics to at least grade C; or
- c. A/AS Level qualification in Mathematics to at least grade E; or
- d. SCQF Level 5 – Numeracy Core Skill (Graphical information and using number); or
- e. SQA National 5 Mathematics; or
- f. Functional Skills or Key Skills numeracy qualifications in Mathematics provided the proxy qualification(s) attained are at Level 2 or above.

**Higher Apprenticeships (Levels 4-7):** Essential Skills requirements are as for an apprenticeship frameworks at Level 3.

# CHANGES TO REQUIREMENTS FOR APPRENTICESHIP STARTS FROM 14TH OCTOBER 2016

## Employer Rights and Responsibilities (ERR)

The final modification to SASW is to Employer Rights and Responsibilities (ERR) which is no longer compulsory in frameworks. Please refer to the Employer Rights and Responsibilities section within the framework document to confirm specific requirements.

## Additional Information

It should be noted that SASW has also been modified to reflect existing improvements to Essential Skills Wales Qualifications. These improvements to ESW qualifications were signalled by the revised names:

- Essential Skills Wales Communication is now Essential Communication Skills (still 6 credits in size)
- Essential Skills Wales Application of Number Skills is now Essential Application of Number Skills (still 6 credits in size)
- Essential Skills Wales Information Communication Technology Skills is now Essential Digital Literacy Skills (still 6 credits in size)

Whilst there have been some amendments to the content of ESW qualifications, the most significant change has been to the assessment methodology for these qualifications.

From 1 January 2016, all new starts have had to follow the revised Essential Skill qualifications.

The updated version of SASW, and guidance documents, can be accessed here:

<http://gov.wales/topics/educationandskills/skillsandtraining/apprenticeships/providers/?lang=en&dgd>

Over the coming months, the Essential Skills section within AFO will be amended to reflect the SASW modifications and all current frameworks will be updated and reissued to incorporate these changes. In the meantime, if you are in any doubt as to the requirements of any framework then please contact the relevant Issuing Authority.

# Purpose of this framework

## Summary of the purpose of the framework

Housing professionals directly affect the living conditions of one in four households and make a difference to the lives of those individuals and communities. Housing covers a wide range of activities, from managing properties, community development, supported housing and hostel accommodation to planning new homes. The private and public rented housing sector includes local authorities, housing organisations, small private landlords, voluntary sector landlords, Registered Social Landlords [RSLs], homelessness agencies, tenant managed and campaigning organisations.

The housing sector employs 15,600 people in Wales in over 4,200 organisations. Housing Associations and RSLs, together with Local Authorities currently employ the largest number of housing staff. The recent economic downturn has meant that organisations and staff have been under pressure to provide a high level of service to a growing number of people with limited resources. Thus, organisations are looking to adapt to the new market conditions with 36% planning to move into new areas of activity and 25% of organisations investing more money in training to support these new areas. In terms of skills 5% of organisations stated that vacancies were hard to fill due to the lack of applicants with the required skills and an additional 4% reported skill gaps. Research indicates that the housing sector has a disproportionate shortfall of skills within administrative/clerical, sales, customer services and manager occupations. Although the sector is generally well qualified many qualifications held are not necessarily related to housing. 15% of employees within the sector have below level 2 or no qualifications.

## Challenges faced by housing organisations include:

- increased customer demands as evidence suggests that demand is outstripping supply for social housing provision;
- internal factors such as increasing efficiency, managing budget cuts and keeping costs down;
- legislation – the need to keep up to date with new legislation, particularly around sustainability and health and safety;
- reduced level of public funding and access to private sector borrowing with the need to source funding from other areas.

## Future competencies required by the sector include:

- management and leadership – identified as being a key issue for the future which covers:

- coaching and supporting staff, problem solving, engaging and involving staff;
- frontline customer service skills – meeting customer demands involving a more proactive approach;
- inter-agency working requiring a wide range of communication and influencing skills;
- IT Skills and understanding relevant legislation.

Employers have been involved with the design of the qualifications in this framework which will develop the critical skills required within the sector. Apprentices will work as Housing Officers and Foundation apprentices as Housing Assistants.

### **Aims and objectives of this framework (Wales)**

The aim of the apprenticeship is to attract new people into the sector, especially from local communities, and to upskill the existing workforce in order that organisations can provide sustainable housing provision and to support vulnerable people within their communities.

The objectives are to:

1. attract new people from under-represented groups into the sector helping to fill current and future skill gaps and hard to fill vacancies
2. make housing a career of choice for people new to the sector
3. upskill the existing workforce to level 2 and level 3
4. provide a flexible route into a career in housing at levels 2 and 3 and above, through further and higher education, leading to professional status.

Please refer to the Asset Skills website for more information:

<http://www.assetskills.org/Research/SectorSkillsAssessment2010.aspx>

# Entry conditions for this framework

Employers are looking to attract applicants from a wide range of backgrounds and experience, some of whom may have had had experience, paid or unpaid, within the sector. Applicants will be expected to have basic literacy and numeracy skills on which this apprenticeship will build, be willing to work as part of a team, recognise and appreciate diversity and to communicate with a wide range of customers.

Training providers and employers will use initial assessment to ensure that applicants have a fair opportunity to demonstrate their ability and to tailor programmes to meet individual needs, recognising prior qualifications and experience.

## **RULES TO AVOID REPEATING QUALIFICATIONS**

Processes exist to make sure that applicants with prior knowledge, qualifications and experience are not disadvantaged by having to repeat learning. Training providers and awarding organisations will be able to advise on the current rules for accrediting prior learning and recognising prior experience. Refer to the on and off-the-job training section for guidance about prior attainment and achievement. In the meantime, this is a short summary:

There are no relaxations or proxies for any qualifications specified in a framework in SASW, however, providers are encouraged to identify additional on-the-job training programmes that customise the learning to the new workplace.

### **1. Essential Skills Wales**

If applicants already have GCSE's in English, Maths and/or Information and Communications Technology (ICT) they still have to do the Essential Skills Wales at the relevant level as these are new qualifications and proxies do not exist

### **2. Knowledge Qualifications**

If applicants already have one of the Level 2 /3 knowledge qualifications before they started their Apprenticeship, (see knowledge qualifications page in this framework) they can count this and do not have to redo the qualification, providing that they have achieved this qualification within three years of applying for the apprenticeship certificate. For example they may have already achieved the knowledge element as part of the Welsh Baccalaureate Public Services. The hours they spent gaining this qualification will also count towards the minimum hours required for this framework.

### **3. Competence qualifications**

If applicants already have the Level 2/3 competence qualification for the Apprenticeship they do not have to repeat this qualification, however, this qualification must have been achieved within three years of applying for the apprenticeship certificate and they will still have to demonstrate competency in the workplace.

#### **4. Prior experience**

Applicants already working in the sector will be able to have their prior experience recognised by the Awarding Organisation and this will count towards the competency and the knowledge qualifications in this framework.

## Relationship between competence and knowledge qualifications

K1 and K2 provide the underpinning knowledge and understanding for C1.

The Level 3 apprenticeship does not include ICT. The work roles have varying levels of ICT requirements and the generic IT Essential Skills Wales are too broad to accommodate this. Training will be given to apprentices to use specialist in-house software systems and the intention is to develop a unit of competence to cover such requirements.

## How equality and diversity will be met

The Housing sector workforce in Wales is predominately female (63%), full-time (87%) and white (90%). In Wales 67% of the workforce is aged between 25 - 54 with 5% aged 16 - 24. 7.8% of the workforce has a disability. The sector would like to encourage more young people and males to apply for jobs within the sector.

Likely reasons for these imbalances include:

- Young people are not aware of careers within the sector. Many people do not plan a career in housing but tend to 'stumble' into the sector
- Males and BMEs are not aware of the variety of careers within the sector and the recognition of professional status
- A perception that there are limited career opportunities

Asset Skills is taking the following steps to address diversity issues in the workforce:

- Raising awareness in schools about Housing as a career through work with careers advisors
- Working with professional organisations to promote the sector
- Use of non stereotypical images on the careers website and materials
- Case studies of apprentices which reflect males and those from BME groups

Apprenticeships are seen as a vital route to encourage, and facilitate, a greater diversity of individuals into the industry. Housing employers intend to recruit apprentices from their local communities thereby enhancing social inclusion. Employers and training providers are encouraged to offer additional support and mentoring to ensure that apprentices complete their training.

Training providers and employers MUST comply with the Equality Act 2010 to ensure that applicants are not discriminated against in terms of entry to and promotion within, the Industry, using the 8 protected characteristics of :

1. Age
2. Disability
3. Gender

4. Gender reassignment
5. Marriage and civil partnership
6. Pregnancy and maternity
7. Race
8. Religion or Belief
- 9 . Sexual orientation

<http://www.equalityhumanrights.com/advice-and-guidance/new-equality-act-guidance/>

Asset Skills will monitor take up and achievement of all Apprenticeships through the Welsh Employer group and continue to take steps to address any barriers to take up and achievement as part of our Sector Qualifications Strategy.

# On and off the job training (Wales)

## Summary of on- and off-the-job training

Job roles within Housing require a through level of technical competency and knowledge, which will be undertaken through work-based training practice and experience. The total minimum number of hours are as follows:

### Foundation Apprenticeship - 353 GLH

This figure is made up as follows,

- 100 GLH for the Level 2 NVQ Certificate in Housing
- 102 GLH minimum for the Knowledge based qualifications
- 135 GLH for the 3 Essential Skills Wales components
- 16 GLH for ERR induction and hours for mentoring/progress reviews.

It is envisaged that this framework will take 12 months to complete.

### Apprenticeship - 461 GLH

This figure is made up as follows,

- 145 GLH for the Level 3 NVQ Certificate in Housing
- 200 GLH minimum for the Knowledge based qualifications
- 90 GLH for the 2 Essential Skills Wales components
- 26 GLH for ERR induction and hours for mentoring/progress reviews.

It is envisaged that the framework will take 18 months to complete.

**GLH relating to the Essential Skills Wales qualifications can be delivered on or off-the-job depending on the providers delivery model and the learning needs of the apprentice. GLH relating to mentoring, ERR induction and recording can be delivered on or off-the-job depending on the providers delivery model.**

In Wales there is an additional facility to recognise prior achievement of both knowledge and skills. The balance of recognition will be based on the training providers initial assessment.

Training hours delivered under an apprenticeship agreement may vary depending on the previous experience and attainment of the apprentice. The amount of off and on-the-job training required to complete the apprenticeship under the apprenticeship agreement may

then be reduced accordingly, provided the total number of hours for this framework can be verified for apprenticeship certification, (see below for more details). The time limit for previous attainment has been set at three years prior to applying for apprenticeship certification.

## Off-the-job training

Off-the-job training is defined as time for learning activities away from normal work duties.

Off-the-job training may include any activity where an apprentice receives any form of instruction, tuition, assessment or progress reviews. For illustration (but not exclusively) private study, coaching, mentoring, e-learning, distance learning or classroom training may count as off-the-job training, provided it is carried out during paid work time.

For this framework the minimum amount of off-the-job training is as follows:

### **Foundation Apprenticeship - 102 hours for this apprenticeship**

This figure represents a minimum of 102 GLH for the chosen Knowledge qualification.

### **Apprenticeship - 150 hours for this apprenticeship**

This figure represents 100 GLH to be completed within the first year, with a minimum of 50 off-the-job GLH taking place in the remaining 6 months. The remaining (minimum of 50) for the chosen Knowledge qualification can be delivered on-the-job as part of evidence collection and research.

Examples of off-the-job training include:

- training hours relating to the Certificates in Housing Practice and Housing Maintenance
- induction where activities are covered away from normal work duties
- taught hours relating to Employment Rights and Responsibilities
- Essential Skills Wales

## How this requirement will be met

Off-the-job training needs to be:

- planned, reviewed and evaluated jointly between the apprentice and tutor, mentor or manager;
- allow access as and when required by and apprentice either to a tutor, teacher, mentor or manager;

- delivered during contracted working hours.

Off-the-job training must be formally recorded, either in a diary, workbook, portfolio, or be verified by attendance records.

Evidence for off-the-job training will include:

- Level 2/3 Knowledge certificates
- Essential Skills Wales Certificates
- ERR workbook signed by apprentice and tutor/assessor

### **Previous attainment**

Where a learner enters an apprenticeship agreement having previously attained parts or all of the relevant qualifications, this prior learning needs to be recognised using either QCF credit transfer for achievements within the QCF; or through recording or exemptions for certificated learning outside of the QCF, for example Principal Learning qualifications. For apprentices who have already achieved the relevant qualifications, they must have been certificated within three years of applying for the Apprenticeship Certificate.

### **Previous experience**

Where a learner enters an apprenticeship agreement with previous work-related experience, this prior learning needs to be recognised (see QCF Guidance on Claiming credit for further details). To count towards apprenticeship certification, previous experience must be recorded using the appropriate Awarding Organisation's "QCF recognition of Prior Learning" procedures and the hours recorded may then count towards the off-the-job hours required to complete the apprenticeship.

### **On-the-job training**

On-the-job training is defined as skills, knowledge and competence gained within normal work duties.

For this framework the minimum amount of on-the-job training is as follows:

#### **Foundation Apprenticeship - 100 hours for this apprenticeship**

This figure represents GLH for the NVQ qualification.

#### **Apprenticeship - 195 hours for this apprenticeship**

The 195 GLH is taken from the NVQ qualification, plus a minimum of 50 GLH from the Knowledge qualification.

Examples of on-the job training could include:

- coaching and mentoring
- job shadowing
- company updates on policy and procedures
- instructions, briefings and guidance
- essential skills practise and development whilst on the job
- collecting evidence for portfolio work whilst on the job

## How this requirement will be met

On-the-job training needs to be:

- planned, reviewed and evaluated jointly between the apprentice and tutor, mentor or manager;
- allow access as and when required by and apprentice either to a tutor, teacher, mentor or manager;
- delivered during contracted working hours.

On-the-job training must be formally recorded, either in a diary, workbook, portfolio, or be verified by attendance records.

Evidence for on-the-job training will include:

- NVQ Level 2/3 Certificate in Housing
- Essential Skills Wales Certificates

## Previous attainment and experience

Where a learner enters an apprenticeship agreement having previously attained or acquired the appropriate competencies this prior learning needs to be recognised and documented using the relevant QCF credit transfer, QCF exemption or Recognition of Prior Learning (RPL) procedures (same as off-the-job above). The amount of on-the-job training required to complete the apprenticeship under the apprenticeship agreement may then be reduced accordingly, provided the number of on-the-job hours for this framework can be verified for apprenticeship certification.

Apprentices who commence training under a new apprenticeship agreement with a new

employer may bring a range of prior experience with them. When an apprentice can claim a substantial proportion of hours towards the on-the-job framework total through prior learning acquired from previous employment or other vocational programmes, then the apprentice's learning programme should include 'customisation'. Training providers are encouraged to identify additional on-the-job training programmes that customise the learning to the new workplace. Customisation programmes may include selecting appropriate units from QCF qualifications, or relevant units recognised as Quality Assured Lifelong Learning (QALL) through a CQFW recognised body, or follow Essential Skills at a level higher than that specified in the framework and other competency-based qualifications/units relevant to the workplace. The training provider must have transparent APL procedures in place to evidence the level of APL recognition.

For apprentices who have already achieved the relevant qualifications, they must have been certificated within three years from the date of application for the Foundation and Apprenticeship Certificate or have been continuously employed in the industry for eighteen months.

# Wider key skills assessment and recognition (Wales)

## Improving own learning and performance

Evidence for improving own learning and performance is contained in the mandatory units of the Certificates in Housing Practice and Maintenance, therefore employers felt a separate qualification was not appropriate.

## Working with others

The apprentice will have lots of opportunities to demonstrate working with others in the NVQ, therefore employers felt a separate qualification was not appropriate.

## Problem solving

The apprentice will have lots of opportunities to demonstrate problem solving in the NVQ, therefore employers felt a separate qualification was not appropriate.

# Additional employer requirements

There are no additional employer requirements for this apprenticeship
